

Dantorque - Your Source for Subsea Valve Actuators

Dantorque a.s. was founded in Esbjerg, Denmark in 1989 to develop and market a range of specialist subsea valve actuation products. In this short time, Dantorque a.s. has established itself as a market leader in the subsea environment and now also in general valve applications.

Although specialised in subsea valve actuation, Dantorque a.s. also markets and manufactures a compact range of actuators aimed at general purpose valve applications.
